MOTOR VEHICLE, BICYCLE, IN-LINE SKATES, ROLLER SKATES, SKATEBOARD AND HOVERBOARD REGULATIONS FOR SOUTHERN ILLINOIS UNIVERSITY CARBONDALE

(As amended July 1, 2019)

DIVISION I – TITLE, AUTHORITY, PURPOSE AND ENFORCEMENT

Section 1-101–Title

These regulations shall be known as the Motor Vehicle, Bicycle, In-Line Skates, Roller Skates, Skateboard and Hoverboard Regulations for SIU Carbondale.

Section 1-102–Authority

The regulations are established under the authority and duty of the Board of Trustees granted by the Illinois Legislature to establish and make regulations for the government and the management of Southern Illinois University Carbondale. These regulations have been approved by the Chancellor of Southern Illinois University Carbondale pursuant to Chapter 6, Policies of the Board of Trustees, Section C-5.

Section 1-103–Purpose

A. The regulations, sanctions for violation and parking revenue charges, are for the purpose of providing and maintaining a safe and uncongested means for the movement and parking of vehicular traffic on the campus of SIU. This policy includes, but is not limited to, discouraging the use of parking spaces for which there is a great demand for the purpose of all-day parking or automobile storage, making such space available to those whose needs are greatest for the view of advancing the academic, service, and administrative functions of the university.

B. In developing these regulations, the board recognizes that there are insufficient parking spaces and facilities for all persons desiring to park on the campus. It is therefore necessary to establish equitable regulations controlling the parking, and to provide a means for individuals with parking needs on the campus to receive priority.

Section 1-104–Effective Date

These regulations are effective for Southern Illinois University from and after July 1, 2019.

Section 1-105–Enforcement

It shall be the duty and responsibility of all police officers, uniformed Saluki Patrol persons and parking enforcement agents employed at SIU to enforce these regulations.

DIVISION II – COVERAGE, DEFINITIONS AND DIVISIBILITY

Section 2-101–Coverage, General

A. These regulations shall apply to all vehicles, bicycles, in-line skates, roller skates, and skateboards, and users thereof, coming on, or parking on, the campus of SIU, unless otherwise provided in these regulations. Any person who operates or parks a vehicle or bicycle or owns a vehicle or bicycle that is operated or parked on university property accepts the obligations or parking revenue charges imposed by these regulations.

B. The provisions of these regulations shall apply to the driver of any vehicle owned or operated by the United States, the state or any city, town, district, public corporation or any other political subdivision of this or any other state, except as otherwise provided in this section.

C. Faculty, staff and students will be considered the operator and owner and will be responsible for citations issued to a motor vehicle having state registration in the name of any family member or domestic partner (as defined by university policy) unless acceptable evidence to the contrary is presented within five business days of the citation notice.

D. Faculty, staff and students are not considered visitors and are responsible for knowing the regulations governing the operation of vehicles at SIU and will be responsible for any violation thereof.

E. The university assumes no responsibility for loss of contents or damage to vehicles while parked on the campus of Southern Illinois University.

Section 2-102–Definitions

The words and the phrases used in these regulations shall have the meanings respectively ascribed to them in the Illinois Vehicle Code, 625 ILCS 5/1-101 et seq., except where the context otherwise requires.

Section 2-103–Divisibility

Should any division, section or subsection of these regulations be declared unconstitutional or void by any court of competent jurisdiction, the remainder of these regulations shall remain in effect. Under such circumstances, the chancellor or a duly delegated representative shall have the authority to establish a new division, section or subsection for that which has been declared void or unconstitutional, to give full force and effect to the intent and purpose of these regulations.

Section 2-104–The Illinois Vehicle Code

All laws of the state of Illinois concerning vehicles and their operation, including (but not limited to) the Illinois Vehicle Code, are hereby incorporated in these regulations as if reproduced herein in full. Pursuant thereto, the posting of signs regulating traffic and parking by the Department of Public Safety shall be deemed to have been duly done by local authority as there defined.

Section 2-105–Speed Limit

The speed limit on campus roads or drives shall be 20 miles per hour unless otherwise posted.

Section 2-106–Obedience to Traffic Signs

Every person shall obey the instruction of any traffic-controlled device, sign or notice, unless otherwise directed by a traffic control officer.

Section 2-107–Emergency Snow Routes

Parking is prohibited on emergency snow routes during a snow emergency. A snow emergency is automatically declared when an accumulation of snow or ice exceeds 2 inches. When this occurs, parking on any portion of an emergency snow route street is prohibited, and vehicles will be towed to allow snow plows access to safely clear the streets.

Vehicle owners must move their vehicles to the nearest available parking lot for which they are authorized to park.

As the streets designated as emergency snow routes become substantially clear of snow, sleet and ice, the “no parking” snow emergency is terminated and parking is again allowed on the street.

When a snow emergency is declared, the snow routes are: Lincoln Drive from South Normal Avenue to Poplar Street, South Normal Avenue from Lincoln Drive to West Grand Avenue and on Douglas Drive around Greek Row.

DIVISION III – MOTOR VEHICLE REGISTRATION

Section 3-101–General

It is a violation of these regulations for any student or employee to park any vehicle, or for any vehicle in the possession of a student or employee, to be parked by any person or property controlled by the university, before such a vehicle has been registered with the Department of Public Safety for the current academic year.

Section 3-102–Eligibility, General

An eligible person must present a valid operator’s license, a valid vehicle registration card or nonresident license applied for receipt and a university identification card. Dealer license plates are not acceptable for university motor vehicle registration without permission by the university official in charge of coordinating activities for Parking and Traffic.

Section 3-103–Vehicle Eligibility for Registration

Any eligible student, faculty member, employee or staff member may register only his/her vehicle or vehicle of a member of his/her immediate family. Immediate family or domestic partner (as defined by university policy) includes any relative residing at the individual’s permanent residence.

Section 3-104–Student Eligibility for Registration

Students may apply for parking decal privileges as follows:

- On-campus residents are eligible to apply for green overnight decals.
- Students living off-campus are eligible to apply for red or yellow parking decals.

DIVISION IV – PARKING DECALS

Section 4-101–Issuance of Decals

All decals shall be issued by the Department of Public Safety, except as otherwise provided herein.

Section 4-102–Persons Affiliated with the University

A. Unless otherwise provided herein, no person affiliated with SIU shall park vehicles nor shall a vehicle that (s)he owns be parked on university property without display of a current decal issued for that vehicle.

B. Faculty, staff and students will be considered the operator and owner and will be responsible for citations issued to a motor vehicle having state registration in the name of any family member unless acceptable evidence to the contrary is presented within five business days of the citation notice.

C. This shall include faculty, staff and students during any period throughout the year unless termination papers have been processed or the person has officially withdrawn from the university.

Section 4-103–Guarantee

Because of the limited number of parking spaces, receipt of a decal does not guarantee the holder a parking space in a parking lot in a particular location.

Section 4-104–Types of Decals and Eligibility

The Department of Public Safety shall establish and issue decals according to the following:

- Blue decals will be available for full-time faculty (including adjunct faculty) and staff, and part-time faculty and staff not enrolled as students. Those students and part-time employees whose health or physical condition or other extenuating circumstances require the privileges thereof will be eligible for blue parking privileges.
- A gold 20-year decal will be awarded to employees with 20 years of university service. This decal will carry the same privileges as a blue parking decal.
- Red commuter decals will be available to eligible students, and to part-time faculty and staff.
- Green overnight East or West decals are required for overnight parking on the SIU campus.
- Eligible faculty and staff include any faculty or staff that are eligible for the low blue decal tier.
- Temporary permits may be issued by the Department of Public Safety to be used on a temporary vehicle. A temporary vehicle is defined as a vehicle used for a limited period of time and which is not eligible to be registered.
- Permits will be issued to residents of Evergreen Terrace for assigned parking within the Evergreen Terrace housing complex. Permits shall be limited to one assigned parking space per apartment. Assignments will be made by the University Housing Office upon proof of purchase of a university parking decal.

Section 4-105–Undischarged Obligations

No parking decal shall be issued to any person who owes a debt, fine, charge or fee to the university.

Section 4-106–Multi-decals

A. Decals for additional family or domestic partner (as defined by university policy) vehicles may be issued for \$15 per vehicle when no other member of the same household is a student or employee of the university. Faculty and staff who are eligible for a blue decal may purchase additional blue decals for their use after other eligible affiliated family member(s) or domestic partner(s (as defined by university policy) in the household have registered a vehicle with the appropriate decal.

B. When more than one member of the same household is associated with the university and each has purchased a blue decal at full price, additional blue decals may be purchased for \$15 per vehicle.

C. When more than one member of the same household is associated with the university and each has purchased a red decal at full price, additional red decals may be purchased for \$15 per vehicle.

D. When more than one member of the same household is associated with the university and each has purchased a decal of a different color at full price, additional decals for \$15 will be issued for the decal of lesser value purchased.

E. Eligible students living on campus in non-family housing may register one four-wheeled vehicle in addition to one motorcycle.

F. Eligible students living off campus may register one four-wheeled vehicle in addition to one motorcycle or may register additional vehicles upon approval of the university official in charge of coordinating the activities for Parking and Traffic.

G. Family Housing residents may register three motor vehicles, not to exceed two four-wheeled vehicles. The second four-wheeled vehicle must be parked in designated family housing areas. A motorcycle, moped or motor scooter must be parked in designated motorcycle parking areas. All vehicles must have the appropriate Department of Public Safety decal and the Family Housing permit issued by the University Area Housing Office.

Section 4-107–Ownership of Decals and Hangtags

A. All decals and hangtags remain the property of the university at all times and may be reclaimed for free at any time.

B. Upon sale of a vehicle or other change of eligibility for vehicle privileges under these regulations, a decal that is no longer authorized for the person or vehicle must be immediately removed. A replacement decal will not be issued except after the remnants of the original decal are returned to the Department of Public Safety or other evidence of removal is accepted by the university official in charge of coordinating the activities for Parking and Traffic.

C. Replacement decals will cost \$15, except when the decal remnants have not been returned the full price of the replacement decal shall be charged.

D. Any student moving from on-campus housing must immediately remove the vehicle’s overnight decal and return the remnants to the Department of Public Safety. Application may then be made for any decal for which the student has become eligible.
